

24-Port Patch Panel

P197LX

Overview

The patch panel has an all-metal frame structure with thickened steel plates, ensuring strength and durability and being highly suitable for all types of network wiring. It comes with a snap-type cable management frame, which facilitates cable installation and fixation and makes it convenient to conduct cable maintenance and cleaning of the entire cabinet. It meets the requirements of wiring and cable management in one go. The removable cable management frame is designed for customized cable management tasks. Transparent cover labels for centralized management, enabling efficient organization and identification. This patch panel offers a reliable and well-organized networking environment for you.

Benefits

- Ideal** for RJ45, HDMI, coaxial, and speaker keystone jacks
- Removable design** for easy installation and maintenance
- Replaceable labels** for quick identifying and replacing ports
- Heavy-duty** and durable
- Wide Compatibility**
- Easy to clean**

Technical Specification

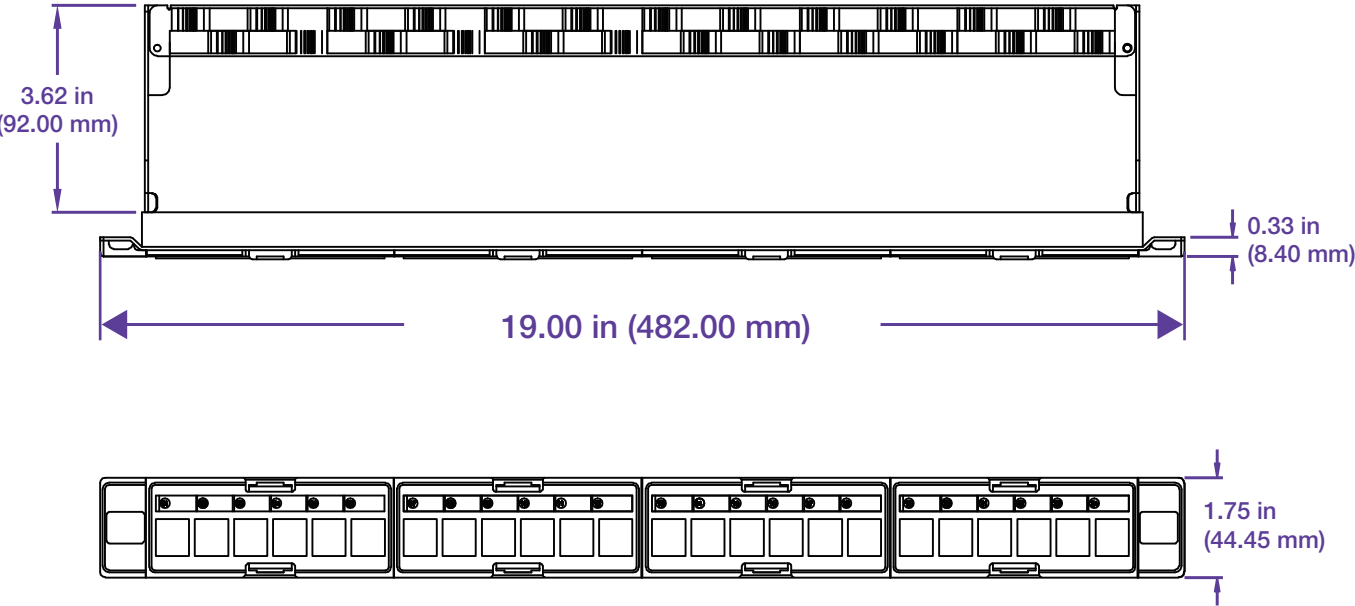

Parameter	Value
Product Type	Patch Panel
Color	Black
Components	Patch Panel, Cable Management Frame
Patch Panel Material	1.5 mm Cold Rolled Steel (ST12)
Transparent Label Material	SAN
Cable Management Frame Material	1.5 mm Cold Rolled Steel (ST12)
Cable Management Slot Material	PA6
Size	1U
Overall Dimension	(W × H × D) 19.00 inches × 1.75 inches × 3.95 inches (482.00 mm × 44.45 mm × 100.40 mm)
Patch Panel Dimensions	(W × H × D) 19.00 inch × 1.75 inch × 0.33 inch (482.00 mm × 44.45 mm × 8.40 mm)
Cable Management Frame Dimensions	(D) 3.62 inch (92.00 mm)
Net Weight	1.20 lb (543.40 g)
Patch Panel Functions	Equipment used for terminal user lines or trunk lines and capable of configuring and connecting them
Cable Management Frame Functions	The cable management frames can be combined with patch panels, which are used to support the cables behind the modules. It keeps the cables aligned and provides a stress-relief effect that reduces the cable's own flexing and wear due to gravity-driven sagging, which facilitates cable installation and fixation and makes it convenient to conduct cable maintenance and cleaning of the entire cabinet. It meets the requirements of wiring and cable management in one go.
Applicable Scenarios	Corporate Offices, Home Renovations, Data Centers, Network Rooms
Compatibility	Compatible with RJ45, HDMI, coaxial, and speaker keystone jacks, and so on
Port	24
Cable Management Frame Installation	Snap-type
Removable Parts	The ports of the patch panel can be split into 4 parts with 6 ports each.
Style	Patch Panel
Operating Temperature Range	-40°F to 176°F (-40°C to 80°C)

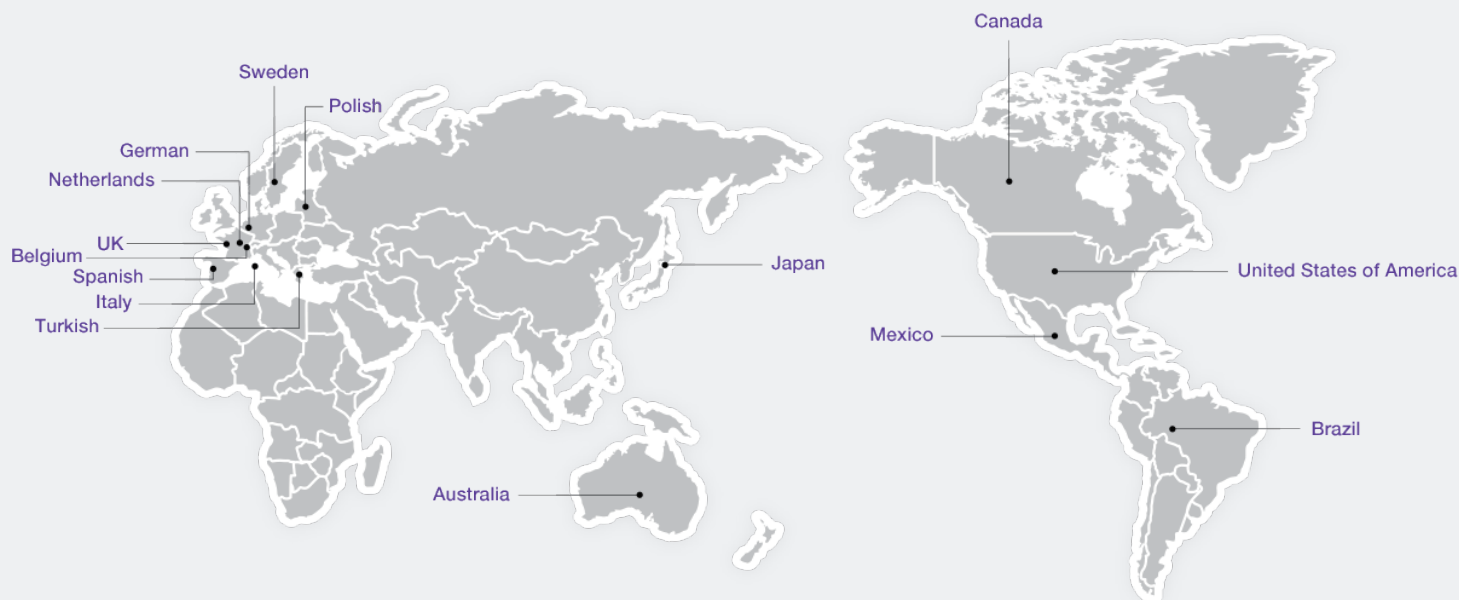

Technical Specification

Parameter	Value
Maintenance and Cleaning	Wipe the dust off the surface of the patch panel periodically to maintain aesthetics and connection stability (avoid direct contact with moisture)
Implementation Standards	TIA/EIA 568

Technical Specification

Unit	in/mm
