

## VCELINK CAT8 Shielded Metal Keystone Jack

CAT8/CAT7A/CAT7 | 40 Gbps | PoE  
180 Degree | Tool Free Load Bar | FTP  
CE

### Features

- Easy Assembly - easily terminated in the field in 2 minutes without crimping tool
- Suitable according to IEEE 802.3an
- Suitable for Power over Ethernet (PoE, PoE plus, and UPoE)
- Load Bar for Faster and Easier Wire Pattern Termination
- Clear label to ensure easy to management

### Performance:

Termination Standards	T568A&T568B
Wire Connection	Stranded wire AWG 26/7 to 22/7
Cable Jacket Diameter	6 to 9.5mm
Usage	22/23AWG Cable
Operation temperature	-30°C to 60°C
Relative humidity	85%(30°C)
Air pressure	70-106Kpa
Blade	Gold Plated Phosphor Bronze
Retention strength: 7.7kg between jack and plug	

### Electrical

- Intermediate resistance: no more than 20m ohm in normal atmosphere pressure
- Insulated resistance: no less than 1,000M ohm in normal atmosphere pressure
- Intensity of anti-current: DC 1,000V (AC,700V)

(Unit=mm)
